WHO IS ELIGIBLE?

If you have been employed full-time for at least 30 days and scheduled to work at least 30 hours or more per week, you are eligible to enroll for medical, dental, vision, life and disability benefits.

Your benefits allow you to cover your eligible dependents, which include:

- Your legal spouse or registered domestic partner
- Your children to age 26, regardless of student status, tax-dependent status, step child, legally adopted child, a child placed for adoption, or a child for who you are the legal guardian.

CONTRIBUTIONS

Your employer contributes 50% towards employee, spouse and dependent(s) Medical coverage for all medical plans, please refer to the *Employee Bi-Weekly Deductions* page for the employee deduction amount. Dental and Vision plans are voluntary; paid 100% by the employee.

Employer sponsored Life/AD&D are 100% paid by your employer. You also have the option to enroll for Voluntary Life/AD&D for you, your spouse and child and AFLAC Voluntary benefit plans, which are paid 100% by the employee.

WHEN TO ENROLL

Before you enroll for coverage, take some time to fully understand how each plan works. You can sign up for benefits or change your benefits at the following times:

- First of the monthly following 30 days of employment
- During the annual open enrollment period
- Within 30 days of a qualifying event

CHANGING YOUR BENEFITS

Due to IRS regulations, once you have made your elections for the plan year, you cannot change your benefits until the next annual open enrollment period.

The only exception is if you experience a qualifying event. Election changes must be consistent with your life event.

Qualifying life events include, but are not limited to:

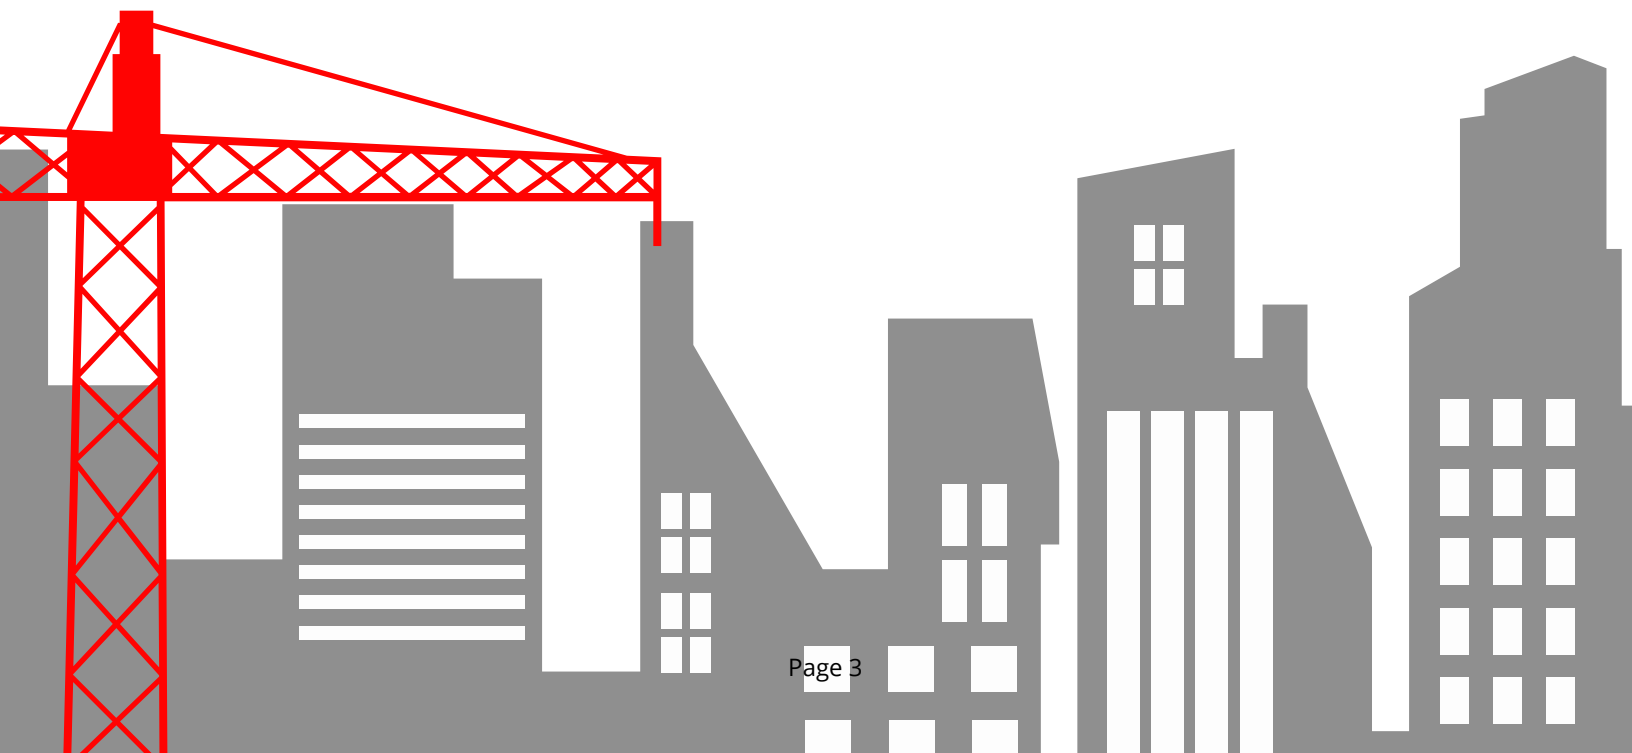

- Marriage, divorce, or legal separation
- Birth or adoption of a child
- Death of your spouse or covered child
- Change in your employment status
- Spouse or dependent's loss of coverage
- Qualified Medical Child Support Order
- Change in residence, work location, or work status that effects you eligibility for coverage

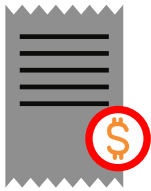

To request a benefits change, you must provide proof within 30 days of the qualifying event date.

THINGS TO CONSIDER

- **Are you able to budget for a deductible and out-of-pocket medical expenses?**
- **Do you prefer to pay more for medical insurance out of your paycheck, but less when you need care?**
- **Do you prefer the predictability of having a copay or pay a coinsurance for medical services?**

KEY TERMS TO KNOW

Copay

A fixed dollar amount that you pay for certain covered medical services.

Deductible

The amount you must pay each year for covered services before the plan will begin to pay.

Coinsurance

Your share of costs for a covered medical service, usually after you meet the deductible.

Out-of-Pocket Maximum

Includes copays, deductibles and coinsurance. Once you pay this amount, the plan will pay 100% of covered medical services for the remainder of the calendar or plan year.

Primary care physician

A primary care physician (PCP) is your main medical doctor - usually a general practitioner (GP), family doctor, internist, OB/GYN, or pediatrician (for children).

In-network

In-network care is always your lowest-cost option. Networks are groups of medical, dental, and vision providers, pharmacies, and facilities that agree to discount the cost of their care or service.

Out-of-network (OON)

Refers to healthcare providers or facilities that do not have a contracted rate with your insurance plan, resulting in significantly higher out-of-pocket costs and potential balance billing.

Annual Notices

We're required to tell you about certain rights and responsibilities you have as an employee of Santa Ana Country Club.

You can request a paper copy at no charge from:
